- Packaging dimensions (W x H x D): 22.5 x 19 x 9 cm
- Nett weight: 0.6 kg
- Gross weight: 0.95 kg
- Tare weight: 0.35 kg
- EAN: 87 12581 51312 2
- Number of products included: 1
- Packaging type: Carton

Outer Carton
- Outer carton (L x W x H): 23.4 x 19 x 19.8 cm
- Nett weight: 1.2 kg
- Gross weight: 2.1 kg
- Tare weight: 0.9 kg
- GTIN: 1 87 12581 51312 9
- Number of consumer packagings: 2

RadiantColor Collage SmartPower USBConnectivity Imagen Pro asimpleswitch.com

Highlights

imagen Pro for vibrant colors
The unique Philips imagen enhancement technology automatically analyzes your photos to correct color and adjust for optimal contrast. imagen Pro is a more advanced image enhancement which includes the 3 essential elements from imagen to have more color accuracy, color depth and smart contrast. On top of these, imagen Pro offers enhanced skin color, sharper images and flicker-free photo viewing which is very important for still pictures.

4:3 perfect frame ratio
Philips digital PhotoFrame ensures your photo to be displayed in 4:3 ratio for the best viewing experience.

RadiantColor
RadiantColor is an exclusive Philips technology for displaying smaller photos in the optimal 4:3 ratio by extending the color on the edges of a less-than-full-screen photo to the sides of the screen, eliminating black bars and aspect ratio distortion.

Automatic slideshow
Automatic slideshows start from any USB drive or memory card for all those moments you don't want to spend time copying photos to your PhotoFrame.

Auto orientation
Automatic landscape/portrait recognition employs a sensor that recognizes PhotoFrame orientation and displays each photo in its proper mode.

Multiple-photo collage effect
It's a slideshow effect to show photos in collage form that automatically and randomly compiles different photos together to avoid unattractive borders that may result from photos which are smaller than the screen size.

Eco-friendly Photoframe
Philips PhotoFrame are designed and produced according to our EcoDesign principles aimed at minimizing overall environmental impact, through lower power consumption, removal of hazardous substances, lower weight, more efficient packaging and better recyclability.

Auto on/off display
A timer turns PhotoFrame on and off at the hours you select, reducing energy consumption for the sake of our environment saving up to one third of your PhotoFrame energy costs.

Stylish warm silver frame
This frame accessory allows you to update the look of your Philips digital PhotoFrame when you want. The stylish warm silver frame adds a fresh new color to suit any home environment.
