Slide right and left

Slide up and down

Tips for viewing

1. To reduce eye fatigue, limit viewing to no more than 30 minutes at a time.
2. If the picture is unclear, adjust the object distance adjustment wheel.
3. Before using, please ensure your safety in the surrounding environment.
4. Do not use near flammable or sharp objects.

Network connection description

1. Select system setting to enter WLAN settings.
2. Select the network to be connected then click the touchpad and enter password.

For online video streaming, please play with high-speed network: minimum 30M/s bandwidth, recommended 50M/sec or above.

Health and safety information

Before using the equipment, read the following safety information for safe and correct use.

- Please do not use the equipment when charging.
- Keep the equipment in working condition.
- Use the charger and accessories approved by the manufacturer.
- Do not touch the equipment with wet hands.
- Do not store the equipment in extreme temperatures. (Recommend for 0~ 40°C or 32~ 100°F)
- Keep the equipment dry and avoid taking out in wet weather.
- To avoid hearing damage, maintain a low volume.
- The equipment is not intended for use by children under 13. However, guardians should limit usage time, to ensure intermittent use and rest for younger and older users.

Speaker	○	○	○	○	○	○
Packing material	○	○	○	○	○	○
○: Indicate that the content of the toxic and harmful substances in all homogeneous materials of the component is below the limit requirement specified in GB/T 26572. ×: Indicate that the content of the toxic and harmful substances in at least one homogeneous material of the component is higher than the limit requirement specified in GB/T 26572. Note: Components with "×" in the table are those whose toxic and harmful substances or elements cannot be replaced due to the limit of global technology development.						
Electronic and electrical products sold in the People's Republic of China must bear this symbol. The number in the symbol indicates the environment-friendly use period of the products under normal use.						

Product Warranty

Thank you very much for choosing Philips VR1 All-in-One Virtual Reality Headset! To ensure your legitimate rights and interests, please carefully read the following service commitments and maintenance instructions.

We solemnly promise that the users can enjoy the following rights with the warranty certificate and valid invoice:
1. If any quality problem within 7 days from the date of purchase occurs, consumers can request a refund according to the invoice price or replacement with a product of the same type.
2. If any quality problem within 12 months from the date of purchase occurs, consumers can request a free replacement with a product of the same type.

The following conditions are not within the scope of free maintenance:
1. Consumable materials are consumed, worn or deteriorated naturally.
2. The equipment is damaged due to lightning or electrical system.
3. The equipment is damaged due to improper use, such as liquid injection, external damage, or using the equipment when charging.
4. The equipment has been taken apart, modified or repaired by a non-Philips authorized service.
5. The equipment is over the warranty period of 12 months from the date of purchase, or is damaged due to failure to use, maintain or store according to product instructions.
6. Gifts and package come with the product.

For product maintenance or return/replacement due to quality problems, please call 4008-800-008 (CN) directly, we will assign a professional customer service staff to guide you to complete the repair or return / replacement process.
