KSK882220M Built-in Oven

Turn flavour up to full.

The SteamBoost oven with FullSteam function makes more of the flavours within your food. It works in exactly the same way as a traditional oven, with the added benefit of steam. And this is where food gets really exciting because heat, of course, browns and

Cook to taste, every time

By precisely measuring the core temperature of your food, the Food Sensor lets you know when your rare, medium or well done meat is ready. Aswell as cooking fish and vegetables just the way you like them.

Cooked Evenly everywhere

With this oven, using energy efficiently also means cooking efficiently. It has a new convection system called Hot Air, which ensures hot air circulates evenly throughout the oven cavity. The result is that the oven heats up faster and cooking temperatures can be

More Benefits :
