The most natural way to bottle feed

Easy to combine with breastfeeding

Our new bottle makes bottle feeding more natural for your baby and you. The skin soft teat has an innovative spiral design and unique comfort petals for natural latch on similar to the breast, for easily combining breast and bottle feeding.

Easy to combine breast and bottle feeding

- Natural latch on due to the wide breast shaped teat
- Skin-soft teat designed for a natural feed
- Flexible spiral design combined with comfort petals

Air goes into the bottle, not baby's tummy

- Unique anti-colic valve technology

High-quality and high-durability

- PA material is light, durable and transparent as glass

Other benefits

- BPA and BPS free*
- Simple to use and clean, quick and easy assembly
- Ergonomic shape for easy holding
- Compatible with Philips Avent range
- Different teat flow rates available in the range

AVENT

Natural Smooth PA baby bottle
2 Bottles 4oz/125ml, Newborn flow teat, 0m+

SCF472/27

Highlights

Natural latch on
The wide breast shaped teat promotes natural latch on similar to the breast, making it easy to combine breast and bottle feeding.

Skin-soft teat

The skin-soft nipple material closely resembles the feeling of the breast, making it easy for your baby to combine breast and bottle feeding.

Flexible spiral teat design

The spiral design combined with our comfort petals inside the nipple increases softness and the flexibility allowing natural tongue movement without nipple collapse. Designed to give your baby a more comfortable and content feeding.

Anti-colic valve technology

Reduces fussing and discomfort by venting air away from baby's tummy.

Made of Polyamide
The high-quality, imported PA material is a light but durable plastic, and as transparent as glass. Portable and resistant to high-temperature sterilisation, bottle can be used to heat up milk directly.

BPA and BPS free
The Philips Avent Natural Smooth PA bottle is made of BPA and BPS free material (polyamide).

Simple to use and clean

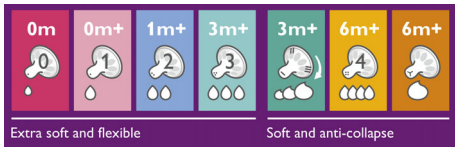

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

Ergonomic shape

Due to the unique shape, the bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Compatibility across the range

The Philips Avent Natural Smooth PA bottle is compatible with most of the Philips Avent range.

Fits your baby's growing needs

The Philips Avent range offers different teats for every development stage of your baby. With different teat softness, flexibility and design and with increasing flow rates that keep up with your baby's growth and development. Remember that age indications are approximate as babies develop at different rates.
