- Better for your wallet and your planet

Comfortable LED light that is easy on your eyes
- Designed for the comfort of your eyes

PHILIPS

Bulb
14 W (100 W) E27, Cool Daylight / Warm White, Non-dimmable

8718696706831

Highlights

Two light colours (SceneSwitch)
Flick the switch to change the ambiance from a light that's similar to natural daylight to a warm, cosy light that helps you relax and enjoy the moment. Now you can easily customise your room for a variety of activities or adapt it to suit your mood.

Plug and play

Delivers a variety of great light scenes straight out of the box to suit your different needs and moods. The intelligence is in the bulb itself, so no dimmer or other additional installation is required. Simply replace your bulb with this Scene Switch bulb, and you can change between different scenes at a flick of your existing wall switch. Lowest level of investment and effort required to enjoy the highest level of comfort. Now you can change the ambience easily to suit whatever you're doing and your mood at the time.

Reset (Sceneswitch)

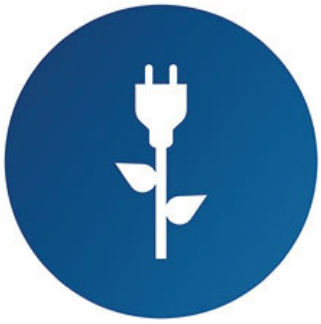

If multiple lamps are used and they are no longer synchronised, simply toggle the switch (turn it on and off again within 1 second) to restore the lamps to the default factory setting.

15,000-hour rated average life

With a lifetime of up to 15,000 hours, you can reduce the hassle of frequently replacing your light bulbs, and enjoy a perfect lighting solution for over 15 years.

Saves up to 80% energy

LED technology saves up to 80% energy compared to your standard bulb. It therefore pays for itself and saves you money year after year. It also helps to protect the environment.

No UV or IR

The light has no infra-red component, so no heat is radiated. Also, there is no ultra-violet component in this light. These two characteristics mean that this light will not cause fabric and other items to fade.

Learn about light

Colour temperature: light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, more tranquil light, while those with a higher Kelvin value produce a cool, more energising light. CRI: the colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural sunlight has a CRI of 100. The CRI of Philips LED light bulbs is always higher than 80, which ensures that colours are shown as true and natural.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

Bulb

Specifications

Bulb characteristics
- Shape: Bulb
- Cap/fitting: E27
- Dimmable: No
- Voltage: 220–240 V
- Wattage: 14
- Wattage equivalent: 100

Power consumption
- Energy efficiency label: A+
- Power consumption per 1000h: 14 kW·h

Light characteristics
- Light output: 1521 lumen
- Beam angle: 150 degree
- Colour temperature: 2700-4000 K
- Colour rendering index (CRI): 80
- Starting time: <0.5 s
- Warm-up time to 60% light: Instant full light
- EyeComfort: Eye Comfort

Durability
- Lifetime of lamp: 15000 hour(s)
- Number of switch cycles: 100000
- Lumen maintenance factor: 0.7
- Average life (at 2.7 hrs/day): 15 year(s)

Bulb dimensions
- Height: 139.1 mm
- Width: 71.1 mm

Other characteristics
- Mercury content: 0 mg
- Power factor: 0.5
- Lamp current: 135 mA
- Range: SceneSwitch

Rated values
- Rated power: 14 W
- Rated luminous flux: 1521 lumen
- Rated lifetime: 15000 hour(s)
- Rated beam angle: 150 degree
