# Durable LED accent lighting with a focused beam

## Create a warm, inviting ambience

This directional LED lamp provides a focused beam of warm, white light and is an excellent replacement for traditional reflector lamps.

### Choose for the high-quality light
- True incandescent-like warm white light
- Learn about light

### Choose a simple replacement for your old lamps
- Shape and size similar to halogen spot
- Instant light when switched on
- No UV or InfraRed

### Choose for a sustainable solution
- Long-life bulbs – Last up to 15 years
- Better for your wallet and your planet

### Comfortable LED light that is easy on your eyes
- Designed for the comfort of your eyes

PHILIPS

Reflector
4W (42W) E27, Warm white, Non-dimmable

8718696714508

# Highlights

### Incandescent-like warm white

This bulb has a colour temperature of 2,700 K, providing you with a warm, tranquil atmosphere, perfect for relaxing. This 2,700 K light is ideal for home lighting design

### 15,000-hour rated average life

With a lifetime of up to 15,000 hours, you can reduce the hassle of frequently replacing your light bulbs, and enjoy a perfect lighting solution for over 15 years.

### Learn about light

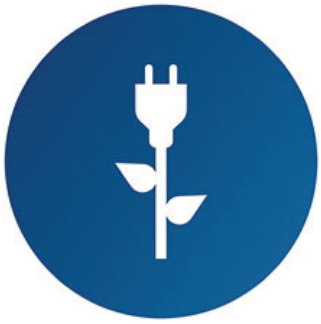

Colour temperature: light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, more tranquil light, while those with a higher Kelvin value produce a cool, more energising light. CRI: the colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural sunlight has a CRI of 100. The CRI of Philips LED light bulbs is always higher than 80, which ensures that colours are shown as true and natural.

### Replaces halogen reflector

With its beautifully shaped design and familiar dimensions, this is a contemporary lighting, LED capsule. The perfect sustainable replacement for traditional halogen spots.

### Saves up to 80% energy

LED technology saves up to 80% energy compared to your standard bulb. It therefore pays for itself and saves you money year after year. It also helps to protect the environment.

### Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

### Instant On

No need to wait: Philips LED light bulbs provide their full level of brightness immediately, as soon as they are switched on. Just by turning the switch, your room is at full brightness. There is no slow starting or waiting.

### No UV or IR

The light has no infra-red component, so no heat is radiated. Also, there is no ultra-violet component in this light. These two characteristics mean that this light will not cause fabric and other items to fade.

# Specifications

## Bulb characteristics
- Shape: Reflector
- Cap/fitting: E27
- Dimmable: No
- Voltage: 220–240 V
- Wattage: 4
- Wattage equivalent: 42

## Power consumption
- Energy efficiency label: A++
- Power consumption per 1000h: 4 kW·h

## Light characteristics
- EyeComfort: Eye Comfort
- Light output: 505 lumen
- Beam angle: <120 degree
- Colour: Warm White
- Colour temperature: 2700 K
- Colour rendering index (CRI): 80
- Starting time: <0.5 s
- Warm-up time to 60% light: Instant full light

## Durability
- Number of switch cycles: 20000
- Lumen maintenance factor: 0.7
- Average life (at 2.7 hrs/day): 15 year(s)

## Bulb dimensions
- Height: 102 mm
- Width: 63 mm

## Other characteristics
- Mercury content: 0 mg
- Lamp current: 32 mA
- Range: LED Classic
