

Bulb

- 7.5 W (60 W)
- E27
- Warm white
- Non-dimmable

8718696739402

Day and night light sensor LED bulb

Built-in automatic on/off light sensor

With its built-in automatic light sensor, this bulb switches on automatically after dusk and off after dawn.

Benefits

Choose for the high-quality light
- True incandescent-like warm white light
- Learn about light

Light beyond illumination
- Built-in automatic on/off light sensor

Choose a simple replacement for your old lamps
- No UV or InfraRed

Choose for a sustainable solution
- Long-life bulbs - Lasts up to 25 years
- Better for your wallet and your planet

Comfortable LED light that is easy on your eyes
- Designed for the comfort of your eyes

PHILIPS

Features

Incandescent-like warm white

This bulb has a colour temperature of 2,700 K, providing you with a warm, tranquil atmosphere, perfect for relaxing. This 2,700 K light is ideal for home lighting design

Day and night sensor

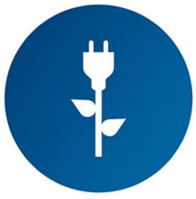

With its built-in automatic light sensor, this bulb switches on automatically after dusk and off after dawn.

25,000-hour rated average life

With a lifetime of up to 25,000 hours, you can reduce the hassle of frequently replacing your light bulbs and enjoy a perfect lighting solution for over 25 years.

Saves up to 80% energy

LED technology saves up to 80% energy compared to your standard bulb. It therefore pays for itself and saves you money year after year. It also helps to protect the environment.

No UV or IR

The light has no infra-red component, so no heat is radiated. Also, there is no ultra-violet component in this light. These two characteristics mean that this light will not cause fabric and other items to fade.

Learn about light

Colour temperature: light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more tranquil light, while those with a higher Kelvin value produce a cool, more energising light. CRI: the colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural sunlight has a CRI of 100. The CRI of Philips LED lamps is always higher than 80, which ensures that colours are shown as true and natural.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

Specifications

Bulb characteristics

Shape	Bulb
Cap/fitting	E27
Dimmable	No
Voltage	230 V
Wattage	7.5
Wattage equivalent	60

Power consumption

Energy efficiency label	A+
Power consumption per 1000h	8 kW·h

Light characteristics

Light output	806 lumen
EyeComfort	Eye Comfort
Beam angle	250 degree
Colour	Warm White
Colour temperature	2700 K
Light effect/finish	Warm White
Colour rendering index (CRI)	80
Starting time	<0.5 s
Warm-up time to 60% light	Instant full light

LED

Durability

Lifetime of lamp	25000 hour(s)
Number of switch cycles	50000
Lumen maintenance factor	0.7
Average life (at 2.7 hrs/day)	25 year(s)

Bulb dimensions

Height	114 mm
Width	62 mm

Other characteristics

Mercury content	0 mg
Power factor	>0.7
Lamp current	80 mA

Rated values

Rated power	7.5 W
Rated luminous flux	806 lumen
Rated lifetime	25000 hour(s)
Rated beam angle	250 degree
