

Steam iron

- 2400 W
- 40 g/min continuous steam
- 160 g steam boost
- SteamGlide soleplate

GC2997/46

Built to perform, day after day

With SteamGlide soleplate - lasts 4x longer*

For great results day after day, you want an iron that never lets you down. With its anti-scratch SteamGlide soleplate, consistent high steam output and integrated calc-clean, this high-quality iron gives you performance that lasts.

Benefits

Fast and powerful crease removal

- 2400 W for quick heat up
- Up to 160 g steam boost to remove stubborn creases easily
- Steam output of up to 40 g/min for better crease removal
- Vertical steam for crease removal in hanging fabrics

Long-lasting performance

- Superior anti-scratch SteamGlide soleplate
- Easy-to-use calc-clean for long-lasting steam performance
- 2.5m cord tested for maximum durability and safety

Comfortable ironing

- Iron switches off automatically when left unattended
- Drip-stop system keeps your garments spotless while ironing
- Comfortable handle with texturing for easy grip

PowerLife

Features

2400 W for quick heat up

2400 W for quick heat-up and powerful performance

Steam boost up to 160 g

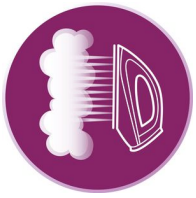

The iron's 160 g steam boost penetrates deeper into the fabric to easily remove stubborn creases.

Steam up to 40 g/min

Continuous steam output of up to 40 g/min gives you the perfect amount of steam to efficiently remove all creases.

Vertical steam

This Philips iron has a vertical steam function, for crease removal in hanging fabrics.

SteamGlide soleplate

Our exclusive SteamGlide soleplate moves smoothly over any fabric. A durable 5-layer coating - including an anti-corrosive base - makes it last longer. Non-stick, scratch-resistant and easy to keep clean.

Built-in calc-clean slider

This steam iron can be operated with normal tap water, and the built-in calc-clean slider makes it easy to remove any built-up scale from your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

Quality-tested cord

The Philips cord for steam irons has been tested under rigorous quality measures to provide maximum durability and safety.

Automatic shut-off

The iron shuts off automatically when left unattended. If it is left on its heelrest it will switch off in 8 minutes. When left on the soleplate or on the side, it only takes 30 seconds before the iron shuts off.

Drip-stop system

Your Philips steam iron's Drip-Stop system lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.

Comfortable handle

The texturing on the handle of the iron ensures a comfortable and ergonomic grip, so that your hand fits well and does not slip during ironing.
