- Designed for natural oral development

Medical grade silicone
- Made of BPA-free, durable, medical grade silicone

Easy to clean
- Easy to sterilize for extra hygiene

Highlights

Used in hospitals

Trusted by healthcare professionals to calm newborns, Soothies are distributed in hospitals in the USA.*

Unique shape

Soothie Shapes is a little different to our other pacifiers. Its unique shape lets you place your finger in the nipple so you can bond with your baby by helping them suckle.

Orthodontic nipple

Our collapsible silicone nipple has a symmetrical shape that respects your baby's palate, teeth and gums as he or she grows.

Medical grade silicone

The pacifier is made of BPA-free, durable, yet flexible medical grade silicone.

Easy to sterilize

Keeping your little one's Soothies and pacifiers clean is easy. Simply put them in your sterilizer or submerge in boiling water.
