Highlights

Control lights away from home

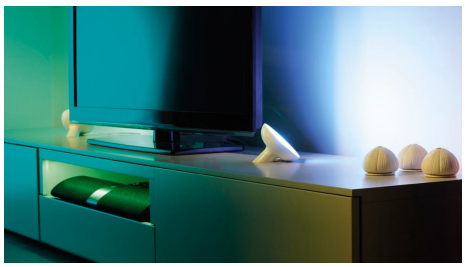

The Hue app gives you complete control over your lights, even if you're not home. Switch your lights off and on remotely using just the app to ensure your home is always lit the way you want it.

Connect to the Hue Bridge

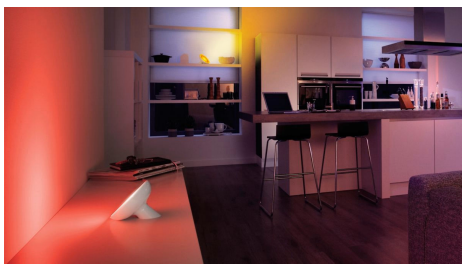

This product requires a connection to the Hue Bridge to unlock the full smart control and features. Control your lights using the Philips Hue app, set timers, routines, add or remove lights and more. *Hue Bridge sold separately

Smart lamp for ambiance

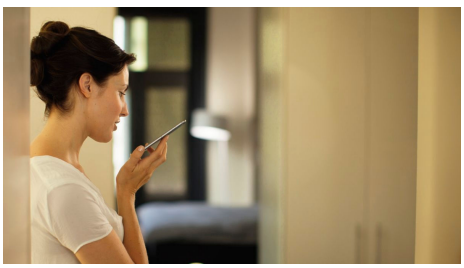

A small, plug-based smart lamp, the Hue Bloom can easily move from place to place in your home wherever you need a little more ambient lighting: set it on your TV stand to enhance your entertainment, highlight your favorite decor when throwing a party, or set it on your nightstand for a gentle nightlight.

Color your home

The Philips Hue Bloom is a small, versatile smart lamp that can light up in any shade of over 16 million colors, allowing you to change your decor with a touch of a button.

Control with your voice

When connected to the Hue Bridge, you can pair your lights with Alexa, Apple HomeKit, and the Google Assistant and control your lights using just your voice. Simple voice commands let you turn your lights on and off, dim or brighten your lights, and even set a light scene.
