ICY BOX **IB-MSA100-LH**
Laptop holder as an accessory for monitor stands with VESA® 100x100 support

Addition

At home or in the office the IB-MSA100-LH completes every workstation. Paired with a LCD monitor, experience the productivity benefits of using two displays by using e.g. an ICY BOX double arm monitor holder (e.g. IB-MS804-T) to enhance your viewing condition.

Ideally applied

As the laptop holder is equipped with width- and height-adjustable fixations it is easy to adjust and set-up laptops and other devices with a width of up to 418 mm. The fixation also prevents the laptop from falling down.

Scratch free

The IB-MSA100-LH not only holds your laptop safe, but also gentle. Due to its hard plastic layer and the rubber feet it is safe from scratches and allows heat dissipation.
