Physical Dimensions

- Dimensions (LxWxH): 361.19 x 137.19 x 35.27 (mm)
- Weight: 896 (g)

OS/System Requirements

- System Requirements: Microsoft Windows 2000, ME, XP, Vista and above, Linux, IOS

Ambiglow

High-speed mechanical keys

Highlights

Fast mechanical switches

The most popular mechanical switches for gaming keyboards, Cyan mechanical switches offer gamers a light tactile clicky key for rapid activation and performance.

Full n-key rollover

Fast complex gaming key strokes demand advanced performance. With full N-key rollover every key is registered independently without confusion so that each keystroke is correctly registered regardless of how many other keys are being pressed or held down at the time.

Compact design

Compact tournament design saves space

Ambiglow White color

Ambiglow White color backlit keys for cool looks

Anti-microbial keys

Keep it clean for long durable use featuring a built-in antimicrobial protection which inhibits growth of microbes, such as bacteria, that can cause stains and odors.

Water resistant keys

Life can be messy. With this water resistant keyboard, the occasional spill or spray off is no problem. These keyboards are built to last.

50 million keystroke lifespan

How long does it take to get to 50 million keystrokes? A long time. Familiar and reliable this keyboard is built to last for many years of fast action.
