Easy to use
- Foldable handle for easy portability
- Compact design for easy handling
- Easy storage hook for convenient storage
- 1.8 m cord for maximum flexibility

PHILIPS

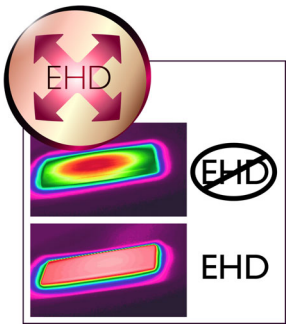

Highlights

Specially designed for Asians

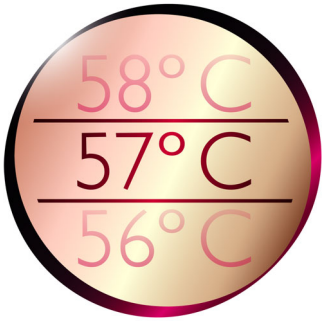

Specially designed for Asians

EHD+ technology

Advanced Philips EHD+ technology means that your dryer will always distribute the heat very evenly - even at high temperatures, and prevents damaging hot spots. This gives added protection and thus helps to keep your hair healthy and shiny.

Thermoprotect 57 C

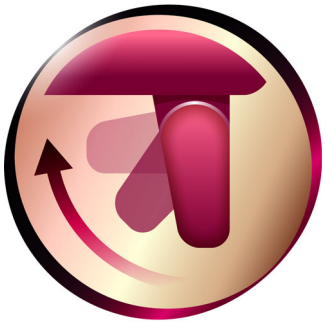

Built in protection for hair, Thermoprotect retains a constant caring temperature of 57°C. This allows you to quickly dry your hair without overdrying, maintaining your hair's natural moisture level, for shiny healthy looking hair.

Six flexible speed and temperature settings

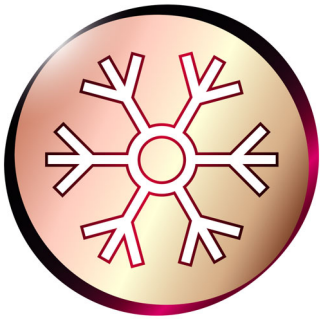

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

Foldable handle

This hairdryer benefits from a foldable handle. The result is a small, compact hair dryer that will easily pack into the smallest spaces and you can take virtually anywhere.

Coolshot

Coolshot for seal in shine and fix your style

Compact design

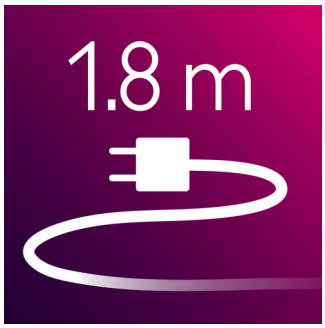

Compact and ergonomic, this hairdryer benefits from a clever modern design. This results in a dryer that is light and easy to handle yet small enough to store virtually anywhere.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

1.8 m cord

1.8 m cord for maximum flexibility
