Enjoy your coffees every day with no hassle

- Up to 5000 cups* without descaling thanks to AquaClean
- Designed to maximize capacities in a compact footprint
- Easily operate your machine via the intuitive display
- Enjoy a great coffee with Auto-Rinse & guided descaling
- Clean milk residues after every use with milk clean function

PHILIPS

Super-automatic espresso machine
6 Beverages Integrated milk carafe, Glossy Red, AquaClean

EP3363/10

Highlights

AquaClean filter

AquaClean

Our new and patented innovation, AquaClean water filter, ensures you make the most out of your full automatic coffee machine. By changing the filter at machine request, you will not need to descale your machine for up to 5000 cups, while getting the benefit of clear and purified water. As an added benefit, the descaling notification alarm is automatically deactivated once AquaClean is installed in your coffee machine

6 beverages

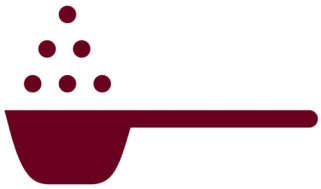

Enjoy a wide variety of drinks to suit any occasion. Whether you crave for an espresso, a cofffee or a milk based recipe, your Super-automatic machine delivers a perfect in-cup result with no hassle and in no time!

Customize your coffees

This Super-Automatic machine offers an abundance of indulgent options to customize your beverage to your taste. You can easily personalize and memorize length, strength and temperature for each drink. Feel free to explore, experiment and dream up any drink!

Powder Option

Sometimes it's nice to have the option of a full-bodied, delicious coffee, without the caffeine kick. Thanks to the Powder Option you can make decaffeinated coffee whenever you please.

100% ceramic grinders

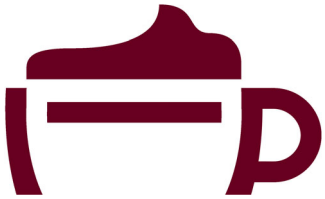

Ceramic material ensures long-lasting performance and silent operation while not deteriorating. This means you coffee will be always ground like the first time, delivering the best of your beans for more than 15.000 cups.

Adjustable coffee spout

The adjustable spout on our espresso machines will fit every cup and thus prevents the coffee splashing or cooling down while pouring in your cup. This way your espresso is always served at the right temperature while maintaining a clean machine.

Latte Perfetto Technology

Every coffee you prepare will be topped with a silky, milk layer that beckons the taste buds. The milk carafe froths the milk twice, then pours a splash free creamy layer into your cup at just the right temperature. The carafe can also be stored conveniently in the fridge and it is incredibly hygienic.
