FLEX 5 15.6”

STYLISH 2-IN-1 ENTERTAINMENT POWERHOUSE

Gorgeous video. Enhanced, immersive audio. Optimized video chat features. It’s all here in the Flex 5, a stylish 15.6″ 2-in-1 laptop with a powerful processor and long-lasting battery life. Boost your experience even more, with cutting-edge features like a fingerprint reader for ironclad security.

WHY YOU SHOULD BUY THE FLEX 5

UHD

Stunning UHD resolution

With an Ultra HD (15.6″) IPS touchscreen display, you’ll be able to watch movies and browse the web in vivid detail from nearly every angle—whether you’re lounging on the couch, or watching with a friend. And we’ve narrowed the bezels on two sides of the screen, to maximize your viewing experience.

Swift, secure fingerprint reader

Log in to your Flex 5 instantly and securely with our fingerprint reader, making passwords an inconvenience of the past—and with the support of Windows Hello, you’ll be able to make secure purchases at participating retailers with one touch of your finger.

Productivity that never slows down

Featuring a top-of-the-line Intel® processor and a 512GB PCIe SSD + 1TB HDD, you’ll enjoy lightning-fast boot-ups and transfer times. And with plenty of memory, you’ll be able to use more apps, large programs and files without ever being slowed down.

Get creative with Windows Ink

You’ll love how you can turn your thoughts into action with the new Windows Ink features. Choose from several apps found directly on your taskbar. Paired with the Lenovo Active Pen (available for purchase separately), which emulates a natural pen-on-paper writing experience, your creativity will be unleashed.

FLEX 5 15.6”

SPECIFICATIONS

PN: 80XB000DUS

PERFORMANCE

Processor
Up to 7th Generation Intel® Core™ i7-7500U

Operating System
Windows 10 Signature Image

PRELOADED SOFTWARE

- Microsoft Office 365 (30-day trial)

[1] All battery life claims are approximate and based on test results using the MobileMark® 2014 ver 1.5 battery life benchmark test. Actual results will vary and depend on numerous factors including product configuration and usage, software, operating conditions, wireless functionality, power management settings, screen brightness and other factors. The maximum capacity of the battery will naturally decrease with time and usage. See https://bapco.com/products/mobilemark-2014/ for additional details.
