PHILIPS

Leak-proof technology

The silicone spout features a valve which blocks liquid from flowing out, unless the spout is being activated.

Easy drinking

The one-piece silicone spout is easy to drink from: liquid starts flowing when pressure is applied to the spout.

Slim shape

Slim container shape for steady grip and easy storage

One piece spout

The valve is built into the spout, ensuring assembly is fast and hassle free.

Snap-top lid

Snap-top lid keeps spout clean and ensures no leaking, especially while on the go.

Philips Avent compatibility

All Philips Avent bottles and cups are compatible excluding the glass bottles and the My First Big Kid Cups. So you can mixand match to create the perfect cup, suiting your toddler's individual development needs.
