

PHILIPS

# Shaver series 6000

## Wet and dry electric shaver

SkinGlide Rings

ComfortCut Blade System

5-direction Flex Heads

S6011/05

# Smooth glide, sensitive shave

## Gentle and comfortable shave with SkinGlide rings

The Philips series 6000 protects against the key signs of skin irritation. SkinGlide rings with anti-friction coating enable the shaver to glide effortlessly across your face. Its blades cut close and protect skin,

**Designed for maximum skin comfort**

- SkinGlide rings with anti-friction coating for smooth glide
- Aquatec gives you a comfortable dry or refreshing wet shave

**A comfortable and close end result**

- Rounded edges move smoothly over skin for a protective shave
- Heads flex in 5 directions for a fast close shave

**Easy to use**

- 45 minutes of cordless shaving
- 1 hour charging time
- 1-level battery and travel lock Indicators
- 2-year guarantee, worldwide voltage and replaceable blades

# Highlights

### SkinGlide rings

Experience a more comfortable shave with anti-friction SkinGlide rings coated with microspheres. Thousands of tiny glass-like rounded spheres reduce friction and surface resistance between the shaver and the skin. This gives the shaver a smooth, easy glide and helps protect against skin irritation.

### ComfortCut Blade System

Get a comfortable shave, wet or dry. Our ComfortCut blades with rounded profile heads glide smoothly across your skin while protecting it from nicks and cuts.

### 5-direction Flex Heads

5-direction Flex Heads with 5 independent movements ensure close skin contact for a fast and close shave even on neck and jaw line.

### Aquatec Wet & Dry

Choose how you prefer to shave. With the Aquatec Wet & Dry seal, you can opt for a quick yet comfortable dry shave. Or you can shave wet – with gel or foam – even under the shower.

### LED display

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: - 1-level Battery Indicator - Cleaning Indicator - Battery Low Indicator - Replacement Head Indicator - Travel Lock Indicator

### Built to last

All of our shavers come with a 2-year worldwide guarantee and can adapt to any voltage. The long-lasting blades only need to be replaced after 2 years.

### 1-hour charging time

Shave longer with every charge, thanks to our powerful energy-efficient, long-lasting battery. Do a quick charge for 5 minutes and you'll have enough power for one shave.

### 45 minutes of cordless shaving

You'll have 45+ minutes of running time – that's about 15 shaves – on a one-hour charge. This shaver only operates in cordless mode.

# Specifications

**Shaving Performance**
