Philips Avent
Natural Smooth PA baby bottle

2 Bottles
4oz/125ml
Newborn flow teat
0m+

SCF472/28

The most natural way to bottle feed

Easy to combine with breastfeeding

Our new bottle makes bottle feeding more natural for your baby and you. The skin soft teat has an innovative spiral design and unique comfort petals for natural latch on similar to the breast, for easily combining breast and bottle feeding.

Easy to combine breast and bottle feeding
- Natural latch on due to the wide breast shaped teat
- Skin-soft teat designed for a natural feed
- Flexible spiral design combined with comfort petals

Vents air away from your baby's tummy
- Unique anti-colic valve technology

High-quality and high-durability
- PA material is light, durable and transparent as glass

Other benefits
- BPA and BPS free*
- Simple to use and clean, quick and easy assembly
- Ergonomic shape for easy holding
- Compatible with Philips Avent range
- Different teat flow rates available in the range

PHILIPS AVENT

Natural Smooth PA baby bottle
2 Bottles 4oz/125ml, Newborn flow teat, 0m+

SCF472/28

Highlights

Natural latch on
The wide breast shaped teat promotes natural latch on similar to the breast, making it easy to combine breast and bottle feeding.

Skin-soft teat

The skin-soft nipple material closely resembles the feeling of the breast, making it easy for your baby to combine breast and bottle feeding.

Flexible spiral teat design

The spiral design combined with our comfort petals inside the nipple increases softness and the flexibility allowing natural tongue movement without nipple collapse. Designed to give your baby a more comfortable and content feeding.

Anti-colic valve technology

Reduces fussing and discomfort by venting air away from baby's tummy.

Made of Polyamide
The high-quality, imported PA material is a light but durable plastic, and as transparent as glass. Portable and resistant to high-temperature sterilisation, bottle can be used to heat up milk directly.

BPA and BPS free
The Philips Avent Natural Smooth PA bottle is made of BPA and BPS free material (polyamide).

Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

Ergonomic shape

Due to the unique shape, the bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Compatibility across the range
The high quality plastic Natural PA bottle is compatible with most Philips Avent breast pumps, spouts, sealing discs and cup tops. However, the handles are only compatible with the Philips Avent Natural PA high quality plastic bottle range, and they are not compatible with the Philips Avent Natural (PP) range. The handles are not recommended to use with glass feeding bottles.
