Highlights

Energy efficiency class A+

This vacuum cleaner is engineered for high performance with low consumption. The product is rated A+ on the EU energy label.

TriActive+ nozzle

Our exclusive TriActive+ nozzle gently opens carpet pile for a deeper clean. Air channels at the front and sides let crumbs in and clean closely along your furniture and walls.

No-scratch parquet nozzle

Soft brush hairs on our parquet nozzle clean with care and protect your hard floors from scratches.

Low noise vacuuming

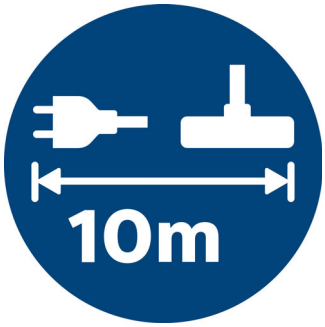

The product is equipped with low noise technology for silent vacuuming. This vacuum cleaner operates at 70 dB.

Large 4-liter capacity

The large-capacity dust chamber handles a full 4 liters before the bag needs changing.

Long 10-meter reach

With a reach of 10 meters from plug to nozzle, it keeps you cleaning longer without unplugging.

Certified Allergy Filter

Our clean-air filter system captures 99.9% of fine dust – including pollen, pet hair and dust mites – for allergy sufferers and anyone demanding a higher level of hygiene. Certified allergy friendly by ECARF.

Easy, long-lasting bags

S-bags last up to 50% longer and maintain the full suction power of your vacuum cleaner right up to the moment it's full. One bag fits all models, with a sealing mechanism for tidy disposal.

Turbo Brush

The Turbo brush allows deep cleaning of carpets, easily removing hair and fluff. The rotating brush inside the nozzle actively removes small dust particles and pet hair, resulting in a better cleaning performance. The wheels of the nozzle prevent damage in case of use on hard floors.
