Highlights

100% ceramic grinders

Ceramic material ensures long-lasting performance and silent operation while not deteriorating. This means you coffee will be always ground like the first time, delivering the best of your beans for more than 15.000 cups.

6 beverages

Enjoy a wide variety of drinks to suit any occasion. Whether you crave for an espresso, a cofffee or a milk based recipe, your Super-automatic machine delivers a perfect in-cup result with no hassle and in no time!

AquaClean filter

AquaClean

AquaClean is our patented water filter, designed to improve the quality of your coffee by purifying water. It also prevents scale build-up in the water circuit of your coffee machine: make up to 5000* cups without descaling by replacing the filter regularly.

Auto-Rinse & Guided descaling

This espresso machine automatically cleans its coffee circuit with water upon starting up or switching off of the machine, this delivers a great, fresh taste with each cup of coffee.Regular descaling prolongs your espresso machine's life. This machine will prompt when descaling is needed. It will guide you with on-screen messages what you have to do and when.

Customize your coffees

This Super-Automatic machine offers an abundance of indulgent options to customize your beverage to your taste. You can easily personalize and memorize length, strength and temperature for each drink. Feel free to explore, experiment and dream up any drink!

High capacity & compact design

Enjoy more room and go longer without refill thanks to the high-capacity bean, water, and waste containers in a super-compact design. This smart, super-automatic machine provides you with maximum convenience and top notch performance thanks to a large capacity water tank, bean and waste container.

Integrated milk carafe

Enjoy super creamy cappuccino and Latte Macchiato at the perfect temperature, in the easiest way possible. Simply pour milk into the carafe, plug it into the machine, and select your preferred beverage. Whether it's a cappuccino or frothed milk, your drink will be served within seconds, with a splash-free flow at the ideal temperature.

Latte Perfetto Technology

Every coffee you prepare will be topped with a silky, milk layer that beckons the taste buds. The milk carafe froths the milk twice, then pours a splash free creamy layer into your cup at just the right temperature. The carafe can also be stored conveniently in the fridge and it is incredibly hygienic.
