Single Colour LED Controller

This Single Colour Controller can be used with Integral LED single colour strips. With the single colour LED controller, you can easily adjust the brightness of the LED strip to suit your preference, 10 brightness level settings are available. You can also select from 8 flashing/pulsing modes and change the speed to your preferred level, 10 speeds are available. An easy-to-follow installation guide is provided and a digital copy can be downloaded from the website.

Product Details

Partcode: ILRC006

Check Code: 680329

Range Name: Strip Accessory

Product Type: Accessories

Warranty: 1 Years

CE / RoHS: Yes

Physical Data

Material: PCB, Plastic Shell

Product design and specification subject to change or modification without notice. Image for illustration only. E&OE

Physical Data

Weight (Unpackaged Single Unit): 7g

Electrical Data

Voltage Range: 5-24V

Driver included: No

Electric Current: DC

Dimming: Dimmable

LVD Certified: Yes

EN: EN-60950-1

Light Data

Product design and specification subject to change or modification without notice. Image for illustration only. E&OE

Environmental

Lowest Operating Temperature: -30 degrees

Maximum Operating Temperature: 70 degrees

IP (Ingress Protection) Rating: IP20

Hg 0% (Mercury Free): Yes

Packaging

EAN Barcode (unit of 1): 5055788213505

Packaged Weight (Unit of 1): 12g

Length (unit of 1): 120mm

Width (unit of 1): 90mm

Depth (unit of 1): 5mm

Outer packaging info available on website
