- Connect with the device and monitor it through the app

Superior performance
- Philips active carbon filter removes gasses and odours

Superior performance
- Philips filters ensure that your device works effectively

Long-lasting performance
- Up to 12 months of usage

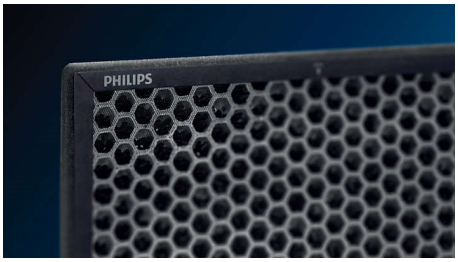

PHILIPS

Active Carbon filter
Up to 12 months lifetime Filters gases & odours

FY5182/30

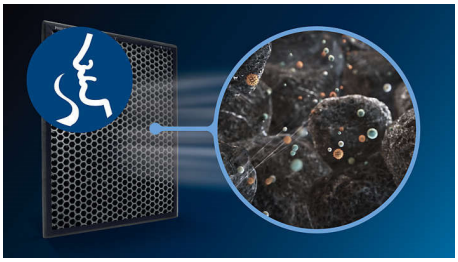

Highlights

The original Philips filter

Genuine Philips filter was designed together with the device itself to ensure a perfect fit, which guarantees the continuously smooth operation of the device.

Removes gases and odours

The honeycomb-structured Active Carbon filter is engineered to effectively remove hazardous gases, including ozone and harmful VOC (Volatile Organic Compounds) from the air. Home renovations, cooking and other activities release these harmful gasses, which the Active Carbon effectively absorbs so that you can breathe clean and healthy air.

Quality you can trust

Philips air filters go through a set of mandatory and strict inspection tests before they are released from the factory. They are subjected to rigorous life and durability tests, for continuous operation 24/7. Our filters are designed to ensure that your Philips purifier performs at its best right up to the end of the filter's lifespan.

Long-lasting performance

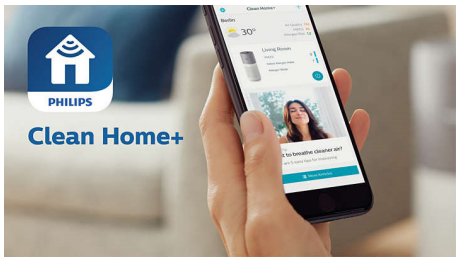

Philips Active Carbon filter provides consistent protection and guarantees optimal filtration for to up to a year. (1)

Effortless maintenance

Your Philips device notifies you when to clean your pre-filter and when to replace the filter. This takes less than a minute. Maintenance of the device is effortless, ensuring that you always enjoy clean, healthy air.

Track filter lifetime through

Monitor the lifetime and status of your filter anytime, anywhere with the CleanHome+ app (2). Receive an alert when it's time to change your filter and easily order a replacement directly through the app (3).

Specifications

Weight and dimensions
- Dimension of packaging (L x W x H): 30*250*310 mm
- Weight of product: 0.596 kg
- Weight incl. packaging: 0.785 kg
- Dimension of product (L x W x H): 10*243*297 mm

Design and finishing
- Colour(s): Black

Replacement
- For Philips air purifier(s): AC5659

Performance
- Filters out: Gas and odours

Maintenance
- Wash under water: No
- Clean with a brush: No
- Clean with chemical products: No

* (1) Recommended lifetime is calculated based on the Philips user's average usage time and the WHO urban outdoor pollution level data. Actual lifetime is impacted by usage environments and frequencies.
* (2) Only applicable for selected models with connectivity
* (3) Only applicable in those countries where the Philips shop is available
* (4) NanoProtect HEPA filter material provides lower air flow resistance than the material from a HEPA H13 filter, enabling a Philips air purifier with NanoProtect to deliver a higher Clean Air Delivery Rate (CADR) than with an equivalently sized certified HEPA H13 filter.
* (5) From the air that passes through the filter, tested with NaCl aerosol by iUTA according to DIN71460-1.
* (6) Contingent on the filter being used with AC1711 or 1715 Philips purifier
* (7) Microbial Reduction Rate Test conducted at Airmid Health group Ltd. tested in a 28.5m³ test chamber contaminated with airborne influenza A(H1N1).
* (8) Microbial Reduction Rate Test at external lab, in a test chamber contaminated with avian coronavirus (IBV) aerosols, with Philips HEPA NanoProtect filter.
