

Philips Genuine replacement filter NanoProtect HEPA

FY5185/30

- Up to 24 months lifetime
- Filters 99.97% 0.003µm particles

Powerful protection for the best performance

Genuine Philips filter that fits perfectly

- Perfect fit for consistently high performance
- Philips filters ensure that your device works effectively
- Up to 99.9% virus removal
- Up to 24 months of usage
- Follow the Smart filter status indicator on your device
- Connect with the device and monitor it through the app
- The NanoProtect HEPA filter cleans faster than H13 (4)

*(1) Recommended lifetime is calculated based on the Philips users' average usage time and the WHO urban outdoor pollution level data. Actual lifetime is impacted by usage environments and frequencies.

**(2) Only applicable for selected models with connectivity

***(3) Only applicable in those countries where the Philips shop is available

****(4) NanoProtect HEPA filter material provides lower air flow resistance than the material from a HEPA H13 filter, enabling a Philips air purifier with NanoProtect to deliver a higher Clean Air Delivery Rate (CADR) than with an equivalently-sized certified HEPA H13 filter

*****(5) From the air which passes through the filter, tested with NaCl aerosol by iUTA according to DIN71460-1.

******(6) Contingent on the filter being used with AC1711 or 1715 Philips purifier

*******(7) Microbial Reduction Rate Test conducted at Airmid Health group Ltd. tested in a 28.5m^3 test chamber contaminated with airborne influenza A(H1N1).

********(8) Microbial Reduction Rate Test at external lab, in a test chamber contaminated with avian coronavirus (IBV) aerosols, with Philips HEPA NanoProtect filter.

Highlights

The original Philips filter

Genuine Philips filter was designed together with the device itself to ensure a perfect fit which guarantees the continuously smooth operation of the device.

Quality you can trust

Philips air filters go through a set of mandatory and strict inspection tests before releasing from factory. They are subjected to rigorous life and durability tests, for continuous operation 24/7. Our filters are designed to provide the best performance of your Philips purifier until the last day of the filter’ s lifespan.

Up to 99.9% virus removal

The purifier captures aerosols including those which may contain respiratory viruses. Tested independently to remove up to 99.9% of viruses and aerosols from the air. Also tested for coronavirus (8).

Long lasting performance

Philips NanoProtect HEPA filter provides consistent protection and guarantees optimal filtration to up to 2 years. (1)

Effortless maintenance

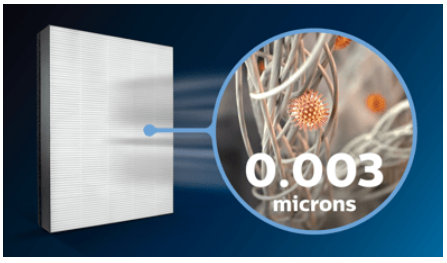

Your Philips device notifies you when to clean your pre-filter and when to replace the filter. This takes less than a minute. The maintenance of the device is effortless to ensure that youalways enjoy clean, healthy air.

Track filter lifetime through

Monitor the lifetime and status of your filter anytime, anywhere with the CleanHome+ app (2). Get alerted when its time to change your filter and easily order a replacement directly through the app (3).

Superior performance

NanoProtect HEPA filter's low-resistance fibers maximize the airflow. The electrostatic charge attracts particles as small as 0.003 microns with 99.98% of efficiency, enabling the filter to clean the air faster than a medically used HEPA H13 filter (4)

Specifications

General Specification

Product Type: HEPA NanoProtect filter
Included in the box: 1x filter
HEPA NanoProtect: Yes
Pre-filter: No
Lifetime: Up to 2 years
Active carbon: No

Replacement

For Philips air purifier(s): AC5659

Performance

Particle filtration: 99.97% at 0.003 microns

Weight and Dimensions

Product Height: 295 mm
Product Length: 35 mm
Product Width: 240 mm
Product Weight: 0,448 kg
Package Length: 80 mm
Package Width: 250 mm
Package Height: 310 mm
Package Weight: 0,642 kg
