Highlights

Remove up to 7x more plaque

Click on our InterCare brush head to improve gum health in just 2 weeks. Extra-long bristles help remove more plaque in hard-to-reach spots and between teeth for healthy gums.

Extra-long bristles

The InterCare brush head features extra-long, densely-packed,high-quality bristles to target hidden plaque caught deep between your teeth. It is clinically proven to reduce gingival bleeding and inflammation in just 2 weeks.

BrushSync™ mode-pairing

You'll always get the best possible clean with our BrushSync™ mode-pairing feature**. The InterCare brush head syncs with your BrushSync™ enabled Philips Sonicare toothbrush handle**, selecting the optimal brushing mode and intensity level for exceptional cleaning. All you need to do is start brushing.

Brush head replacements

Brush heads become less effective after 3 months of use, but with BrushSync™ you'll be reminded before this happens. Your smart toothbrush will track how often and how hard you brush, and will notify you when it's time for a replacement. Don't have a smart Philips Sonicare toothbrush? Just monitor your blue replacement bristles, and when they turn white you'll know it's time for a fresh brush head.

Easy to click-on

Your InterCare brush head fits perfectly with any Philips Sonicare toothbrush handle, except PowerUp Battery and Essence. Simply click on and off for easy replacement and cleaning.

The only true sonic technology

Your Sonicare brush head and handle are the ultimate team. Enhancing our sonic technology, they give you unrivaled cleaning. High-speed vibrations in your toothbrush handle power up to 62,000 brush movements per minute that whip up your toothpaste into plaque fighting bubbles, driving them deep between your teeth and along the gum line for exceptional cleaning.

Brushing with peace of mind

All Philips Sonicare brush heads are safe and gentle on teeth and gums. During tests, each brush head is put through its paces to ensure durability and an exceptional performance every time you brush.
