Highlights

ProMix blending technology

Developed together with the prestigious Stutgart University, Philips ProMix is a unique, advanced technology that uses a specific triangular shape to create optimal food flow and maximum performance for faster and more consistent blending.

650 Watt Motor

With the powerfull motor of 650 Watt alsmost any ingredient can be blend.

Turbo function

With the Turbo function of the Philips handblender you can cut even the toughest ingredients.

Anti-splash blade guard

The special wave shape in the bottom part of the handblender blending bar garantees no splashes or mess while you blend.

2-button release system

With the 2-button release system of the Philips handblender it is easy to remove the blending bar for easy cleaning.
