Aquatec Wet & Dry

Shave your way. With the 100% waterproof Aquatec Wet & Dry seal, you can opt for a quick yet comfortable dry shave. Or you can shave wet with gel or foam or even under the shower.

Turbo+ mode

Shave even faster through dense parts of your beard with the 20% extra power boost you get by activating Turbo+ mode.

MultiPrecision Blade System

Get a shave that's fast and close. Our MultiPrecision Blade System raises and cuts all hairs and remaining stubble – all in a few strokes.

5-direction Flex Heads

5-directional ContourDetect Heads follow every curve of your face and neck to give you an easy, comfortable shave even in tough to reach areas.

Maintaining your shaver

Fully washable – simply open the shaver heads and rinse under the tap to keep your shaver head fresh and clean.

50 minutes of cordless shaving

With a powerful, energy efficient and long-lasting lithium-ion battery, you can get 50 minutes of cordless shaving time from a one hour charge. That's about 15 shaves! Or if in a rush, a 5 minute quick charge will give one full shave. Comes with a UK 2-pin plug.

SmartClick precision trimmer

Complete your shaving experience with the SmartClick Precision Trimmer- ideal for shaping your moustache and sideburns. Also included is a Protective Cap to ensure your new shaver stays safe on your travels.

Built to last
