

MEDION® ERAZER® X89017
Erazer Gaming Chair

Stylish and comfortable – the gaming chair for real gamers

Play your next game with the Erazer gaming chair.
The Erazer gaming chair stands out due to its high level of comfort, sporty look and high-quality materials.
The medium height side padding on the seat ensures you experience significantly more legroom without losing the feeling that you are sitting in a racing car seat.
Thanks to the cushions on the back and head sections and numerous setting options, the gaming chair enables you to achieve an ergonomically supported sitting position.

We reserve the right to make technical and design specification changes!

Back and armrests

The backrest has been optimally designed with a height of 86 cm. The cushions thus fit perfectly and support the recommended body posture.
The multifunctional 3D armrests can be set in multiple different directions.

Features

Comfortable and robust cold foam moulded parts with integrated tubular steel frames. The rotary hub is made of aluminium and features 5 large casters (7.5 cm Ø).
Featuring 2 cushions for the back and head sections.

Setting options

Featuring a rocking mechanism and locking function.
Adjustable backrest reclines to almost 180° - down to a lying position. The gaming chair has a load capacity of up to 150 kg.
The seat height can be hydraulically set as desired to 45-55 cm.
