Sleek and slender
A narrow bezel design allows a 39.6 cm (15.6") diagonal screen to fit in a 35.5 cm (14") chassis for a small footprint everywhere you go.

HP Fast Charge

[1] Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
