The Lindy USB Type C to HDMI 4K60 Adapter Cable allows you to easily add external video capabilities to your computer featuring the USB Type C port with additional support for DisplayPort Alternate Mode. The HDMI connector of the adapter cable can be direct connected to the HDMI display - while the 2m cable allows for a more flexible positioning of the HDMI display than when using a bo converter, perfect for a simple and adaptable installation.
With support for 4K UltraHD resolutions and HDCP 2.2, your content can be seen with superior clarity and stunning accuracy, while the Type C connectors reversible design means that you do not have to pay attention to which way the cable is inserted into the por of your laptop, Notebook or Macbook.

The USB Type C to HDMI 4K60 Adapter Cable is powered by the USB Bus, therefore no external power supply is needed and with ‘Plug and Play’ installation, this converter cable can be installed into your AV ecosystem with minimum fuss, ideal for both professional and first time users.
