The right light makes the moment

The more you dim, the warmer the light

The Philips LED WarmGlow lamps offer a new experience for dimmable LEDs, by enabling light levels to dim to the warm tones of traditional lamps. You can change the ambience from functional lighting to an inviting and cosy atmosphere.

Benefits

Choose for the high-quality light
- True incandescent-like warm white light

Light beyond illumination
- Dims to a warm glow

Choose for a sustainable solution
- Long-life bulbs - Lasts up to 25 years
- Better for your wallet and your planet

High colour rendering [CRI>80]
- High colour rendering (CRI > 80) for vivid colours

Comfortable LED light that is easy on your eyes
- Designed for the comfort of your eyes

Features

Incandescent-like warm white

This bulb has a colour temperature of 2,700 K, providing you with a warm, tranquil atmosphere, perfect for relaxing. Ideal for home lighting design

PHILIPS

LED

WarmGlow dimming

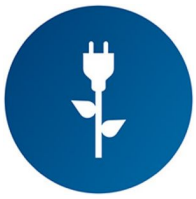

With this dimmable bulb, you can dim from a 2200 K warm light to a 2700 K light. The more you dim, the warmer the light.

25,000-hour rated average life

With a lifetime of up to 25,000 hours, you can reduce the hassle of frequently replacing your light bulbs and enjoy a perfect lighting solution for over 25 years.

Saves up to 80% energy

LED technology saves up to 80% energy compared to your standard bulb. It therefore pays for itself and saves you money year after year. It also helps to protect the environment.

High colour rendering (CRI>80)

The colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colours truly and naturally.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

Specifications

Bulb characteristics

Dimmable	Yes
Type of glass	Frosted
Technology	LED
Intended use	Indoor
Lamp shape	Non-directional bulb
Cap/fitting	E27
Voltage	220–240 V

Lamp dimensions

Height	110 mm
Width	60 mm
Weight	0.063 kg

Durability

Number of switch cycles	100000
Average life (at 2.7 hrs/day)	25 year(s)
Lumen maintenance factor	0.7
Lifetime of lamp	25000 hour(s)

Light characteristics

Colour temperature	2200-2700 K
Colour rendering index (CRI)	90
Starting time	0.3 s
Warm-up time to 60% light	Instant full light
Suitable for accent lighting?	No
Colour	Warm White
Light output	470 lumen
Beam angle	200 degree

Other characteristics

Lamp current	46 mA
Mercury content	0 mg
Efficacy	89 K

Power consumption

Power factor	0.8
Energy efficiency label	A+
Power consumption per 1000h	9 kW·h
Wattage	9 W
Wattage equivalent	60 W

Packaging information

Family	LED
EAN	8718699592493
EOC	871869959249300
Product title	LED 40 W A60 E27 927 FR WGD 1SRT4

Rated values

Rated power	9 W
Rated luminous flux	806 lumen

LED

Rated lifetime	25000 hour(s)
Rated beam angle	200 degree
