Highlights

A compact and sleek design
The Philips WelcomeBell 300 Plugin wireless chime will fit in perfectly with your interior. Its modern look will immediately appeal to you.

A low battery warning
Don't be caught unaware if the battery is low. The Philips chime will alert you via a light signal emitted by a simple flash (transmitter side).

A resistant call button
Don't worry at all about your WelcomeBell 300 call button, it was designed to withstand all weather (IP65).

An upgradeable sound system
Upgrade your installation by equipping your WelcomeBell chime with accessories such as a motion or opening detector, a new transmitter, a second call button and more.

Built-in LED flash
Don't miss a single visitor with the WelcomeBell 300 Plugin and its ringer or silent mode and its built-in monochrome LED flash. The Philips wireless doorbell will alert you to each situation.

Connect your devices
Recharge your electronic devices (smartphone, tablet, etc.) directly via the Philips wireless doorbell using its USB output.

Freedom of use
Install your WelcomeBell 300 Plugin anywhere in your home thanks to its 300m open range. This can reach 600m thanks to its repeater function and a second WelcomeBell chime.

High-quality sound
The WelcomeBell 300 Plugin offers four doorbell melodies with a very high-quality sound. Don't miss any more visits with your Philips chime.
