Highlights

A fun and colourful doorbell
Customise your entrance with the WelcomeBell 300 Color wireless chime and its multi-colour flash. Its sleek and colourful design will add a touch of fun to your interior.

A large choice of melodies
Customise your transmitters with the large choice of doorbell melodies on your Philips wireless doorbell. Distinguish between your entrances by setting different doorbell melodies for each call button.

A robust call button
The WelcomeBell 300 Color call button will withstand practically anything – it's designed to be weather-resistant (IP65 standard).

An upgradeable solution
Upgrade your WelcomeBell installation by adding accessories associated with the range such as opening or motion detectors and a call button.

Don't miss a single visit
Forget running out of battery with the Philips wireless chime. Its simple flash alert light will tell you that it's time to change the batteries in your WelcomeBell.

Truly mobile
On your table or wall-mounted, the Philips chime adapts to all situations. It is truly mobile and you can hear the arrival of your guests from anywhere in your home with its 300m open range.

Versatile and functional
Avoid being disturbed at night or when you are having a nap with the night function. Programme your WelcomeBell 300 Color doorbell to stop for three hours, six hours or nine hours by pressing the night mode button.
