Highlights

Auto-weighing Technology

Thanks to built-in Auto-weighing technology, Philips Pasta maker weighs the flour and indicates the correct amount of liquid automatically, making the whole process easier and more convenient than ever.

Automatic Process

After choosing program and pressing start button, the machine automatically mixes, kneads and extrudes in one go.

Powerful Extrusion

With advanced engineering and robust design, the Philips Pasta maker can apply 1600 lb force on the dough during extrusion, which not only enables a fast making process but also guarantees perfect texture and taste of the pasta.
