POCKET POWER

up to 60 hours extra operation time. in your pocket.

THE TINY POWERBANK THAT'S BIG ON CHARGE

10,000mAh of power… what does that mean? Lot's of juice. Verbatim's Pocket Power packs enough punch for up to four full iPhone X charges. You'll never go stranded without battery again.

Because size matters.
Did we mention the Pocket Power is small? Seriously small. Fractionally wider than a credit card, there's no reason to ever leave the house without it. Tuck it in your back pocket or inside your handbag - youll barely notice it's there.

Double up.
Safely charge up to two devices at once thanks to the dual USB ports. So whether your smart-phone, speaker or fitness band has run flat… We've got your back.

Stay charged wherever.
Featuring a matte finish, rugged exterior and protective carry case, the Pocket Power can take a beating. So whether you're gallivanting the globe or dancing the night away with friends, the Pocket Power will ensure your important gadgets will always stay charged.
