Highlights

Auto shut off

The steamer automatically switches to standby mode when the water tank is empty, so you have peace of mind even if you forget to switch it off.

Safe on all ironable fabrics

The steamer is safe to use on all ironable fabrics and garments. The steam plate can be safely pressed against any clothing with no risk of burning – a great solution for delicate fabrics, like silk.

Easy Rinse descaling

Prolong the lifetime of your appliance by using the Easy Rinse descaling function regularly.

PVC free silicon steam hose

The steam hose is made of silicon material which is the safe and healthy choice for use with steam. As the safety and health of your family is important, no PVC is used in the steam hose.

Extra-long StyleBoard

An extra long StyleBoard provides reliable support during steaming. Simply press the fabric between the steam plate and board for easier steaming with crisp results from top to bottom.

Powerful continuous steam

Powerful continuous steam for fast crease removal

Brush accessory

Use the brush accessory with thicker garments like coats for better steam penetration and a smoother finish.

5 steam settings

Set your preferred steam setting for optimal results on different fabric. Use low steam for thinner fabrics and a more powerful setting for thicker fabrics and coats.

Hang&Lock

Our unique Hang&Lock feature holds your clothes hanger in place for convenient steaming. It prevents the hanger from swinging or falling off.
