From its experience and research activity, Ariete has created the new Classic Range. This new range of exclusive and valuable products is the result of a successful combination of design, elegance, efficiency and high-quality. The Classical range, with its timeless style, perfectly suits any domestic environment and satisfies the most refined tastes. The Classic Range products are available in 3 colors: Bronze, Copper and Pearl-white, which both suit classical and modern environments, adding a touch of style to your kitchen. The Espresso machine, also ideal for cappuccino coffees, with its style enriched by metallic finishes, is designed to be the essential accessory for you kitchen. The filter holder is compatible with both E.S.E. coffee pods and powder, for 1 or 2 cups.
