Highlights

Exclusive formula
The exclusive formula of the Philips Saeco espresso machine decalcifier ensures thorough decalcification without harming the delicate parts inside your appliance.

Special Espresso Decalcifier

The Philips Saeco decalcifier perfectly cleans all the water circuits in your espresso machine.

Reduces limescale build-up
The Saeco decalcifier helps protect your machine against the build-up of limescale from tap water, which affects performance and taste. The decalcifier is highly effective, safe and easy to use. For effective decalcification descale every 250 servings.

Better taste and aroma
Regular decalcification keeps your espresso machine performing at its best, ensuring the best taste and aroma.

Quick and easy decalcification
The special Saeco decalcifier for espresso machines comes with clear instructions for use, enabling quick, easy and safe decalcification.
