Kettle

WMF KITCHENminis® Glass water kettle

Compact 100% performance which fits into the smallest of spaces

Safe, clean and chic – with its 1.0 l capacity and its comfortable one-handed lid opening at the touch of a button, the new WMF KITCHENminis® glass kettle with its 1,900-watt output is ready and waiting each day to give you the maximum in performance while taking up the minimum amount of space. It also meets the highest in safety standards thanks to the dry run and overheating protection, automatic boiling stop and locking lid. The required filling level can be read in an instant on the external water-level display. The removable and easy to clean limescale filter protects against unwanted limescale deposits and ensures the water retains its natural taste. With its casing made of high-quality matt Cromargan®, the glass kettle also looks good in the kitchen as well.
