Ready to plug, play and help you shine

For corporate and educational presentations and training sessions, the powerful, compact and light weight Ricoh PJ X5770 and PJ WX5770 projectors are ideal. Crisp clarity, strong brightness and high image quality help ensure audience engagement in virtually any mid to large-size meeting room and classroom. High quality twin 12W speakers enhance your ability to make a memorable impact. Take advantage of reliable, innovative devices that are easy to use and ready to plug and play - these projectors will brighten your day.

- 5,000/5100lm and high quality projection
- Flexible - 1.6X zoom lens, vertical lens shift
- Impress with sound – two powerful 12W speakers
- HDMI, MHL and wireless projection with retail HDMI dongle
- Crestron, AMX, Extron compatible: integrate easily

Welcome to the complete picture

Focus on being brilliant

Even the most compelling presentations can be further enhanced with clear, crisp, bright images and information being confidently projected. That is what you get with 5000/5100lm teamed with high contrast ratio, 1.6x zoom, and four-corner adjustment. All you have to do is what you do best: your job.

Ready when you are

All set to plug and play, these powerful, flexible models provide high brightness, high contrast and high image quality. Easy operation helps users comfortably present to up to 50 people, in style. Business executives and education professionals alike can rely on top class results time after time.

Connective, innovative, impressive

To help work days flow more smoothly, these feature-rich devices make room integration easy, thanks to ready compatibility with Crestron, AMX and Extron systems. HDMI and MHL and wireless connectivity – with retail HDMI dongle - add to the versatility and practicality.

Strengthen sound, heighten presence

Outstanding sound quality is a key factor in quickly engaging audiences and holding their attention in meetings and presentations. The two powerful 12W speakers in these models enhance video content with high presence and exceptional clarity. The speakers are embedded to save time on set-up.
