Highlights

Away-from-home control
You can control your lights remotely wherever you are. Check if you have forgotten to switch your lights off before you left your home, and switch them on if you are working late.

Control via your smart device
Connect your Philips Hue lights with the bridge and start discovering the endless possibilities. Control your lights from your smartphone or tablet via the Philips Hue app, or add switches to your system to activate your lights. Set timers, notifications, alarms, and more for the full Philips Hue experience.

Create your ambiance
Set the right ambiance for any moment and decorate your home with warm white to cool daylight. Enjoy different styles throughout the year, no matter if it's the crisp white light reminding you of a spring sun, the warm white light of a summer, or the cool daylight of winter.

Dimmable
Experience guaranteed smooth dimming with Philips Hue. Not too bright. Not too dark. Just right. No need for wires, an electrician or installation.

Energize
Skip your morning coffee and get ready for the day with cool, bright white daylight that helps to energize your body and mind. Perfect for those moments when you need a kickstart or when your batteries are running low.

Light schedules for home autom
Philips Hue can make it seem like you're home when you're not, using the schedule function in the Philips Hue app. Set the lights to come on at a pre-set time, so the lights are on when you arrive home. You can even set rooms to light up at different times. And of course, you can let the lights turn off gradually in the night, so you never have to worry whether you've left any lights on.

Read
Lose yourself in your favorite novels for hours on end with Philips Hue. It gives you the right white light for a perfect read.

Relax
Put your feet up and relax with a soft glow of white light for the perfect end of the day. Relaxing white light will help you to unwind in the evening and sleep better at night.

Wake up and go to sleep natura
Philips Hue will help get you out of bed the way you like it. Start your day smoothly with a warm sunrise. The gradually increasing brightness gives you the feeling you are waking up from natural light - rather than the rude awakening of an alarm. Start your day, the right way. In the evening relaxing warm white light helps you to unwind, relax and sleep better at night.
