Highlights

Extend your Lightstrip Plus

Extend your Philips Hue Lightstrip Plus with these 1 meter extensions to cover larger surfaces and enable wider applications.

Extendible up to 10 meters

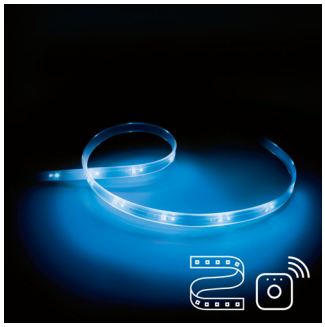

Extend your Philips Hue Lightstrip Plus up to 10 meters by adding 1 meter extensions to cover larger surfaces and enable wider applications. From bright cove lighting to ambient navigation light in your hallway or stairs, anything is possible. Philips Hue lightstrip plus gives you full color consistency from the first to the last extension.

Ultimate flexibility

Philips Hue Lightstrip Plus is the most flexible light source imaginable. You can shape the strip in nearly any form and use the adhesive tape on the back to attach it to any solid surface. If needed, you can cut your Philips Hue Lightstrip Plus to size at the scissor markings. Integrate Philips Hue Lightstrip Plus onto furniture, in coves, under kitchen cabinets or highlight architectural features with smooth, indirect light. Philips Hue Lightstrip Plus is the most versatile and robust light source that will bring your room to life.

Requires a Lightstrip Plus

This product can only be used to extend a Philips Hue Lightstrip Plus and needs to be connected to the Philips Hue bridge.

Sync light to music and movies

Extend your TV viewing experience to the whole room. Download one of the third party apps and discover the amazing things you can do with Philips Hue. Or sync light to your favorite music and enjoy every beat to the fullest. Turn any room into a dance floor and see how light reacts to your music. Download one of the third party apps and get the party started with Philips Hue.

Immersive gaming experience

Lift your gaming to the next level. Philips Hue lights can sync to your games for an immersive gaming session. The lights respond to events in the game for an intense experience.
