Philips LED
Reflector

13.5 W
E26
Non-dimmable

046677469092

Bright LED lighting with excellent light quality

Avoid the hassle of changing spots

Philips LEDspots are a perfect replacement for your halogen spot: they deliver halogen-like light and performance that you expect from the LED technology.

Instant on
- Instant on

Create a warm atmosphere
- Similar shape and size as halogen reflector

Choose a simple replacement for your old bulbs
- No UV or InfraRed

Comfortable LED light that is easy on your eyes
- Designed for the comfort of your eyes

PHILIPS

Reflector
13.5 W E26, Non-dimmable

046677469092

Highlights

Instant on

Just by flipping the switch, your room is at full brightness. No slow starting or waiting.

No UV or IR

The light has no infra-red component, so no heat is radiated. Also, there is no ultra-violet component in this light. These two characteristics mean that this light will not cause fabric and other items to fade.

Replaces halogen spot

With its beautifully shaped design and familiar dimensions, this is a modern lighting, LED reflector. The perfect sustainable replacement for traditional halogen reflectors.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.
