KBK994519M Blast Chiller

Lock in flavour, fast

The BlastChiller it's the only stand-alone, professional-grade technology on the market that can chill from 70°C to 3°C in just 90 minutes to lock in flavour, fast. Flash-chilling fresh ingredients and cooked dishes retains their original tastes, textures and aromas.

Taste &texture preserved &protected

Our compact BlastChiller takes fresh ingredients and cooked dishes from 70°C to 3°C in 90 minutes so that their organic properties are perfectly preserved and protected. By locking in tastes, textures and aromas, you can enjoy food like it's never been frozen, on-

Fresh flavours, fridge or freezer

With our BlastChiller, food can remain fresh in the fridge for up to seven days and in the freezer for up to six months.

More Benefits :

- Prevents bacteria growth, promoting good hygiene and freeing up space in your kitchen.
- The BlastChiller cools bottles of wine completely in only 20 minutes.
- The BlastChiller ensures that desserts are cooled quickly and ready to serve.

Features :

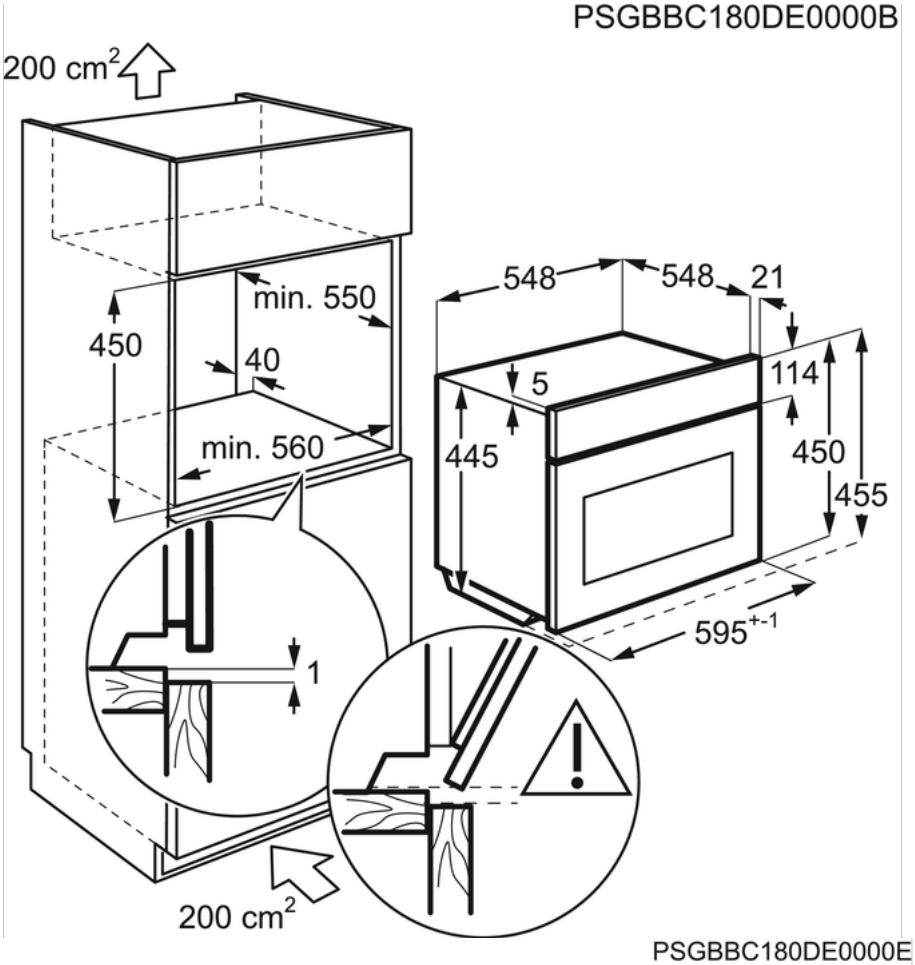

Technical Specs :

- Colour : Stainless Steel with antifingerprint coating
- Dimensions : 450x560x550
- Dimensions (mm) (HxWxD) : 450x520x542
- Type of Controls : Command wheel with touch
- Functions : Blast chilling, Bottle cooling, Defrost, Fast freezing, Ice
- Chill Technology F : Dynamic
- Shelves Number : 3 Full Width
- Shelves Type : Wire
- Gross capacity, Fridge, l : 31.1
- Net capacity, Fridge, l : 28.7
- Type of refrigerant : R404a
- Refrigerant weight , g : 280
- Cord Length : 1.8
- Voltage : 220-240
- Bar Code : 7332543605873
