Story

Connect a HMDI screen or beamer to a laptop with the AC7020 USB-C to HDMI Converter. The converter supports a maximum resolution of 4096 x 2160 (4K) @ 60Hz. The AC7020 has a Power Delivery Pass-Through port for charging your notebook.

Connect a HDMI device to your notebook with USB-C

The AC7020 USB-C to HDMI converter lets you connect a source device with USB-C to a monitor or beamer with HDMI. Please make sure the USB-C port of your source device supports DP Alt Mode. The USB-C to HDMI Converter supports the maximum resolution of 4096 x 2160 (4K) @ 60Hz.

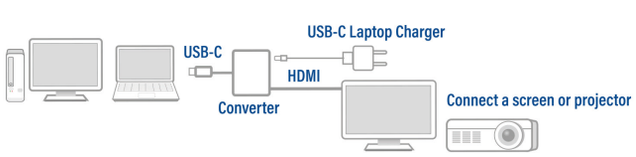

USB-C pass-through port

The USB-C pass-through port of the AC7020 supports power delivery for charging your notebook. Your notebook is always charged with the right amount of power thanks to the pre-defined Power Delivery profiles. The charger communicates with the notebook to negotiate the most effective charging profile.

Please make sure the USB-C port of your source device supports DP Alt Mode.
