Easy smart lighting

Get started with the Philips Hue wireless dimming kit and enjoy smooth wireless dimming. It works straight out of the box. Control the bulb with the included dimmer switch or connect to the Hue bridge to unlock more smart features.

Limitless possibilities

- Brighten and dim your smart lights
- Expand to a smart light system with the Hue Bridge
- Mount the dimmer switch anywhere
- Connect up to 10 smart lights

Issue date: 2026-03-07 Version: 0.266

Highlights

Brighten and dim your lights

The Philips Hue Dimmer switch allows you to wirelessly turn your lights up high or down low.

Expand with Hue Bridge

When connected to a Hue Bridge (*sold separately), your smart lights become even more versatile. Control your lights from anywhere inside and outside your home using just the Philips Hue app. Set timers, routines and add or remove lights from your system.

Mount anywhere

The Philips Hue Dimmer switch functions as a normal wall switch and dimmer – but better. In addition to mounting with screws or strong adhesive tape, you can remove the magnetic control and carry it with you anywhere.

Connect up to 10 smart lights

With the Philips Hue wireless dimming kit for smart lights, you can connect up to 10 lights to control simultaneously from a single dimmer switch.
