NGS BLUETOOTH HEADPHONE ARTICA SLOTH GRAY

HEADPHONE COMPATIBLE WITH BLUETOOTH-HANDS FREE-LINE IN

An elegant stereo wireless headphone compatible with 5.0 Bluetooth technology. Take total control of your music playback and enjoy receiving phone calls with its built-in hands-free function. NGS Artica Sloth offers high sound quality and an exclusive design.

Feel the freedom of listening to music wireless thanks to the original circumaural headsets NGS Artica Sloth. Easy to pair with your favorite Bluetooth device, users can enjoy up to 10 hours of uninterrupted music at a maximum distance of 10 meters.

One of the main features is the audio cable 3.5 mm jack in case the battery is fully discharged or in case you want to use it wired.

Thanks to the easy-to-operate buttons you will handle directly the music. You can change songs (forward/ reverse) pause playback and volume up and down.

Furthermore, if you are using the phone and you get a call the music stops, and you can answer it without removing the phone from the pocket (due to the incorporated microphone).

It is equipped with a micro-USB connection to recharge the 200 mAh battery.

NGS Artica Sloth outstands for its sound quality thanks to its 32 Ohm impedance and 20 Hz - 20 KHz frequency response.

The headset is available in 3 versions, NGS Artica Sloth Gray, NGS Artica Sloth Black and NGS Artica Sloth Blue.

Its impressive design won't go unnoticed as it combines gray, black or blue matt finish respectively with piano black details.

Finally, you will obtain maximum comfort thanks to its adjustable headband and cushioned ear pads specially designed to enjoy long sessions of your favorite music.
