NGS BT FM TRANSMITTER SPARK CURRY BT

CAR FM TRANSMITTER COMPATIBLE WITH BLUETOOTH-USB CHARGE

NGS Spark BT Curry is a Car FM Transmitter for streaming music and hands-free calls in your car or truck compatible with Bluetooth technology. Enjoy the best beats direct from your Smartphone, tablet or music player though your car stereo without cables.

NGS Spark BT Curry supports 206 channels between frequencies 87,5 and 108 Mhz. The music is transmitted through FM radio from your device: Smartphone, mp3 or tablet.

Talk while you are driving in an easy and safe way thanks to its hand free function. When it comes to incoming calls you can answer them directly and listen clearly through your car speakers. Avoid distractions at the wheel.

You will only have to select an unused FM frequency and tune in you radio to stream all your devices audio content directly through your car stereo.

It is equipped with two USB connectors, one that allows charging your devices with a 2 Amp output and the other to play your favorite songs. And if you rather insert a Micro SD card you can also do it.

NGS Spark BT Curry features a backlighted LED Screen to show the selected frequency info and easy to use buttons: forward/skip songs, reject/answer calls and choose the channel.

Finally, it works with 12 Volts batteries for cars as well as 24 Volts for trucks or caravans.
