Restoring waterproofing. Redefining

Product Benefits & Features

Bespoke protection for your clothes
The programmes in our unique AbsoluteCare® system precisely control the movement and temperature of the drying drum. Woolens are kept flat against the drum to replicate flat drying. Outdoor garments are given just the right amount of heat to restore the full functionality of their waterproof membrane. Every fabric gets the right

Safe, low temperatures
AEG SensiDry technology draws moisture out of fabrics at half the temperature of conventional tumble dryers, without significantly extending the drying time. This ensures that fabrics are never subject to unnecessary heat. Your clothes will keep the textures they had the day you bought them, for

Saving you time and energy every day
Our dryers feature ProSense technology, which uses advanced humidity and temperature sensors to adjust the drying time and energy consumption for every size of load - whether it's a day's or a week's worth of washing. This saves time and energy, while gently protecting the clothes that you love and

Fuss-free filter for efficiency
Only AEG dryers feature the ÖKOFlow Filter System, an extremely efficient filter that is easy to reach and clean. Conventional dryers have multiple filters. If you don't clean them all, energy consumption increases. With only one filter, an AEG machine dries every load effortlessly and maintains its

Shorter drying cycles, better care
Thanks to improved air flow design, AEG dryers dry faster and more efficiently than conventional heat pump driers. So your clothes are better cared for even though the drying cycles are shorter.

- LogiControl touch LCD
- Fewer loads and less hassle, saving upto 50% in energy used.
- Heat pump condenser dryer
- ProTex soft drum
- Delay start option
- Sensor dryer
- Time controlled drying
- Bed linen programme
- Cotton programmes

8000 Series Heat pump Tumble Dryer 9.0 kg

T8DEC946R

Product Specification

Second Generation Energy Class	A++
Condensation efficiency	B
Weighted condensation efficiency	81
Energy cupboard dry 1000	2.21
Annual energy consumption, kWh	259
DryingTechnology	Heat pump
Drying Capacity (kg)	9.0
Drum volume	118
Sound Power Level	65
Dimensions (mm) (HxWxD)	850x596x638
Depth max, mm	663
Cord Length	1.45
Voltage	230-240
Required Fuse	13
Frequency	50
Motor System	Inverter
Door hinges	Left reversible by user
Tank Capacity	5.28
Conditioning	Bed linen, Cotton ECO, Cottons, Duvet, Easy iron, Mix, Outdoor, Silk, Synthetics, Wool
Cotton Program	None
Synthetics Program	None
Woolmark	Woolmark Blue
Included accessories	Direct drain hose

Optional Accessories	Stacking kit
Program Description	English
ProdPartCode	All Open
