Product Benefits & Features

NATURE'S FRESHNESS PRESERVED.
A stunning meal starts with impeccable ingredients, lovingly sourced and prepared fresh from the earth. Our Twintech system ensures your produce is stored at the optimum temperature and humidity levels, meaning fruit and vegetables stay crisp and fresh for longer, ensuring the flavours that nature provided live on in every bite.

Top technology with extremely low energy consumption
The advanced energy saving technology of this Fridge freezer makes it possible for the fridge to consume even 20% less compared with appliances that have the A+++ energy label.

Control the fridge freezer's all settings
The temperature display with advanced Touch Controls lets you take full control of the storage conditions of your food. The controls are so sensitive that you can adjust the settings precisely with just the lightest touch of a finger. The display relays feedback about the current temperature and

Soft-closing door for correct and quiet closing every time
Accurately crafted door hinges help to prevent accidently open fridge freezer doors that can lead to wasted energy and spoiled food by ensuring a snug, secure and quiet experience when closing the door.

Every shelf. Evenly chilled
DynamicAir Technology from AEG maintains a constant airflow to guarantee a stable temperature throughout the refrigerator. Every shelf, evenly chilled. From top to bottom. Preventing warm zones. Prohibiting bacteria growth. Preserving those fresh ingredients.

- LCD touch display
- Electronic temperature control
- Holiday setting
