DynamicAir Technology from AEG maintains a constant airflow to guarantee a stable temperature throughout the refrigerator. Every shelf, evenly chilled. From top to bottom. Preventing warm zones. Prohibiting bacteria growth. Preserving those fresh ingredients.

Product Benefits & Features

A++ class – 21% more efficient than A+-class, comparing the classes
The EU energy label system independently ranks domestic appliances according to their energy efficiency – and it has awarded this Fridge freezer an A ++ energy label. The difference is clear: for upright freezer the A++ class is 21% more energy efficient than A+ class, comparing the classes.

Quickly reach the optimum storage temperature with this fridge
When new food items are placed in a fridge, not only do they take time to cool down to the optimum temperature, but for a while they can even raise the temperature, affecting other products. The Coolmatic function prevents this by lowering the fridge temperature for a short period after it has been

Bright and even light that shines into every corner of your fridge
LED lights represent the most cutting edge lighting technology, which is why AEG has integrated them inside this fridge. The internal LED lighting produces a brighter light, which shines evenly across the whole space. Plus, LED technology is smaller and more energy efficient, for more space inside

Extra strong glass shelves for safe storage
This fridge has robust safety glass shelves, which can safely support even the heaviest items.

Contemporary stainless steel for perfect kitchen integration
This refrigerator's professional-looking anti-fingerprint stainless-steel door integrates perfectly with any high-performance contemporary kitchen.
